## SCHOOL REPORT

---

*To the Superintending School Committee and Citizens of Phippsburg:—*

The annual school report is here respectfully submitted.

We have maintained the schools for thirty weeks the past year. There was a spring term of thirteen weeks and the fall term seventeen weeks.

The school at Dromore was suspended last spring for the year and the pupils in that district have attended the school at the Center without any extra expense to the town.

There was a school at Pitch Pine Hill during the spring term and at the beginning of the fall term we found there were only three pupils in that district to attend schools. As it was entirely out of the question to maintain a profitable school with three pupils, the school there was suspended for the fall term and the pupils were transported to the Bath school at Winnegance and their tuition was paid there by the town.

Of the remaining eight schools in town I have only words of commendation as to discipline, methods of teaching, attendance and interest shown by pupils and teachers in their work.

Most of the teachers employed the past year have been in the schools for some time and I have noticed improvement in their work. It is one of the drawbacks to our schools that we are obliged to change the teachers in some of them as often as we do.

The work done in all the schools has been quite satisfactory except in the one at the Basin and this school will need your careful consideration at the coming annual meeting as it is only with your assistance that the conditions in this school can be relieved.

More than sixty pupils have been in attendance at the Basin school during the last two terms and if the truant

laws had been strictly enforced in that neighborhood the attendance would have been about seventy.

I have paid the teacher there extra for working outside of the regular school hours and yet it has been impossible for one teacher to do the work required in that school. It has simply been to do as much as possible and let the rest go.

As a town we are not complying with the laws of the State when we allow a school to go on in that way. I earnestly recommend that the school house at the Basin be remodeled so as to accommodate two schools and authorize the employment of two teachers.

The teachers were assigned to the schools as follows:—  
Pitch Pine Hill: Spring term, Eleanor Morse. Center: Spring term, Esther C. Fox; fall term, Gladys R. Merryman. Parker Head: Etta V. Lewis. Percy District: Edith B. Oliver. Popham Beach: Spring term, Emma G. Sheldrick; fall term, Marguerite Irving. Small Point: Eleanor Fullerton. Ashdale: Spring term, Bessie L. Sprague; fall term, Eleanor Morse. West Point: Spring term, Miriam B. Adams; fall term, Mae Kane. Basin: Spring term, Ordway Lewis; fall term, Emma G. Sheldrick.

The financial statement in regard to schools, text-books, repairs of school buildings and school supplies are found elsewhere in this report.

WM. R. BOWKER,  
*Supt. of Schools.*
